Stools for clinics

Hongdee is pleased to introduce a new line of stools which are specifically designed for doctors like dentists, ophthalmologists, optometrists to facilitate the operation during the exam.
The stools come with different configurations to meet different specific needs. Casters, cylinders, seats etc can be customized upon request.

Key Features

Five different stool styles to meet any specific need

» HD-100 Round stool with no back
» HS-200 Round stool with back
» HS-300 Contoured stool with back adjustment
» HS-400 stool with foot holder and back
» HS-500 stool with back adjustment and self-lock casters
» Extended pneumatic elevation (8 inches)
» Premium casters roll well on carpet and floor
